1. Focus On The Less Fortunate

How Entrepreneurs Celebrate: 1. Drink a lot and go to Vegas or go to Vegas and drink a lot. 2. Caviar on the way up, caviar on the way down. 3. Get a massage. 4. Go to a movie on a weekday. 5. Write a blog about your success. 6. Go to a networking meeting and share your success with others less fortunate. 7. Spend 2 hours at a homeless shelter and serve 100 meals.

2. Big Goals Deserve Big Rewards

How Entrepreneurs Celebrate: For big goals, I recommend choosing something really awesome that you want like a trip, jewelry or spa day. Anything that is a big reward. Keep reminders of the big reward close at hand to keep you motivated. After you accomplish your big goal reward yourself by doing or buying the thing you wanted. Example: I picked out a ring at Tiffany's then kept the webpage saved and looked at it weekly. Once I achieved my big goal I bought the ring! Now I wear it as a reminder of what I can accomplish!

30. It's All About The Wine!

How Entrepreneurs Celebrate: When something special happens in my business (an anniversary, a large order), I will go down into the wine cellar (my basement LOL) and grab a special bottle of wine. I'll open something that I wouldn't normally open. Often it takes something special to get us to enjoy life while we're actually living. There's no reason to hold on to that bottle, so when I hit the ball out of the park, I enjoy a nice red wine and toast with my wife.

31. Share With Others

How Entrepreneurs Celebrate: Success is best when it's shared! Be it landing a large contract or receiving special recognition for community service, share accomplishments with those who helped and even those who did not. For example, host a toast at a restaurant. Use the toast to acknowledge the personal or professional accomplishments of each attendee. Distribute gifts, thank you notes or even bonuses.

32. A Night Out With Your Team

How Entrepreneurs Celebrate: I recommend you keep your company like a family, and have some type of team outing. Every time we hit a milestone or a key goal, we take our team bowling, go to an afternoon movie, or soak up a local concert as a team. These small rewards keep people excited, and let them you know you have hit another milestone on the way to getting your company on the map!

33. Get Known To Be In The Know

How Entrepreneurs Celebrate: Our company will write about our success if it is some media press in papers, or TV, or if we win an award via our FaceBook page, Twitter and our email list to our customers. Everyone likes a success and as a small company it makes our customers feel good that they are in the know!
